**I. Call meeting to order.**

**II. Approve/Modify Agenda:**

**Motion made by Supervisor Kaster and seconded by Supervisor Buckley to approve the agenda. MOTION APPROVED UNANIMOUSLY**

**III. Approve/modify minutes of May 5, 2010.**

**Motion made by Supervisor Kaster and seconded by Supervisor Buckley to approve. MOTION APPROVED UNANIMOUSLY**

**Communications**

- 1. Communication from Supervisor De Wane – Review with possible action to move the 911 Communication Center under the control of the Brown County Sheriff.**

Supervisor DeWane had asked if anyone present had anything they wanted to discuss regarding this issue but noted that with the advise of Board Attorney Mohr there had been a decision made to proceed with the way the 911 Communication Center is being operated right now.

**Motion made by Supervisor Kaster and seconded by Supervisor Buckley to table. MOTION APPROVED UNANIMOUSLY**

- 2. Communication from Supervisor Scray re: With fears of revenue from the State and Federal sources being cut, I am asking each Department Head to decide ahead of time where they could cut another 10%, if needed, while doing their budget process. This may include mandated services that department heads feel are not beneficial to County and the penalties are not severe.**

**Motion made by Supervisor Kaster and seconded by Supervisor Buckley to hold item till Supervisor Scray arrives. MOTION APPROVED UNANIMOUSLY.**

Supervisor Scray stated that she had met with Executive Hinz with regards to this communication and that they had another meeting scheduled in July. Scray is looking at having department heads figure out where they can cut an additional 10%, or an amount they can agree on, before it hits the board floor at budget time. It's basically a plan of

attack so that if the state revenue and federal government dollars are cut it can be quickly determined where each department would cut if they had to. She is looking at making this part of the budget process. Scray stated that last year two weeks before budget they noticed that \$500,000 wasn't coming in so Executive Hinz cut it from non-mandated programs in the Human Services budget. As a Board they went back and cut from every department. Cutting on the budget floor can and always had been done but it would be nice to know ahead of time what the department's recommendations would be.

The other aspect of it is the mandated services. Money comes from the State and Federal Government to do certain programs/services and then money gets cut and the county still has to pay for the mandated programs. Scray stated Board Attorney Mohr is looking to find the answers regarding do we have to do these programs and to what the extent. Also, what would happen if they aren't done? Scray is not stating that we shouldn't do mandated services but noted that they have to start looking at these things because of how often it happens. If Brown County had to do everything the State and Federal Government mandates why not just let the State and Federal Government mandate everything to the county.

Supervisor Kaster questioned if there was a list out there of all the mandated services, DeWane suggested contacting department heads to see if they have information of what mandated services are within their departments.

**Motion made by Supervisor Kaster and seconded by Supervisor Buckley to receive and place on file. MOTION APPROVED UNANIMOUSLY**

- #2a Communication from Supervisor Fewell – To send a resolution to the State of Wisconsin supporting and requesting the funding of the special drug prosecutor in the D.A. Office.**

**Motion made by Supervisor Kaster and seconded by Supervisor Carpenter to hold for one month. MOTION APPROVED UNANIMOUSLY**

**District Attorney**

- 3. Monthly drug criminal complaint numbers (standing item).**

D.A. Administrative Supervisor Susan Tilot provided a handout (attached) re: May 2010 Drug Numbers. She stated the numbers were run June 1, 2010 and asked if the committee would prefer to receive this information in the packet in which she could adjust the dates to the week prior for next month. The consensus of the committee felt that that would be a good idea.

**Motion made by Supervisor Buckley and seconded by Supervisor Kaster to receive and place on file. MOTION APPROVED UNANIMOUSLY**

- 4. Grant Application Review (#10-13): Crime Prevention Foundation Grant.**

**Motion made by Supervisor Kaster and seconded by Supervisor Buckley to hold item till D.A. representation arrives. MOTION APPROVED UNANIMOUSLY**

Tilot felt that in receiving this grant and purchasing new video equipment they would be saving money and could potentially increase revenues. She noted that it would also allow them to be more lean and economical and it would also bring down their professional service account which is an area that they are currently above where they should be.

**Motion made by Supervisor Carpenter and seconded by Supervisor Kaster to approve. MOTION APPROVED UNANIMOUSLY**

**Sheriff**

**5. Crimemapping Presentation.**

Sheriff Kocken introduced Captain Keith Deneys who leads the Support Services Division of the Sheriff's office and he had taken on the responsibility for crime mapping in their office. Kocken stated that in the past the crime mapping had been woefully inadequate. What occurred was the Sheriff's department was able to see another agency's, the Green Bay Police Departments, crime mapping and were able to piggyback off of them but are now jointly working together. He stated by taking this route it was saving the county a ton of money.

For this demonstration, Deneys logged onto the Brown County website, [www.co.brown.wi.us](http://www.co.brown.wi.us) and referred to the Crime Mapping page under the Sheriff's Department (see attached). Deneys had stated that they were contracted through Corona Solutions which uses Ops Force, a flexible and comprehensive solution to assist with police operations management. Ops Force discovers patterns and trends, delivers actionable knowledge, and develops optimal deployment scenarios for patrol operations. A key component to efficient police operations management is having the right information at the right time. Ops Force provides the necessary means to gather intelligence and present it in concise reports and analysis, allowing you to produce a plan of action based on historical, current and projected demands for service.

After the demonstration was received Sheriff Kocken stated there will be a media release on Friday letting the public know about this website so they are able to check out information about their own neighborhoods, etc.

Kocken commented that the information for this website comes from the Communication Center and the website is only as good as the information that is provided. He wanted to commend the staff stating they are doing an outstanding job.

**Motion made by Supervisor Buckley and seconded by Supervisor Kaster to receive and place on file. MOTION APPROVED UNANIMOUSLY**

**6. Budget Status Financial Report for April 2010.**

*Supervisor Carpenter arrived at 5:21 p.m.*

**7. Key Factor Report June 2010 and Jail Average Daily Population by Month and Type for the Calendar Year 2010.**

Kocken referred to the information in the packet (pg. 7) and stated the year to date average population is 660, compared to last years 725. He stated however they have been increasing in the last few weeks but the pod had still remained closed.

**Motion made by Supervisor Kaster and seconded by Supervisor Buckley to receive and place on file. MOTION APPROVED UNANIMOUSLY**

**Motion made by Supervisor Kaster and seconded by Supervisor Buckley to approve items 8, 10 & 13. MOTION APPROVED UNANIMOUSLY**

**9. Budget Adjustment Request (#10-44): Increase in expenses with offsetting increase in revenue.**

Hein stated a donation was made from the Sam's Club foundation to purchase a thermal imaging night vision camera for the Boat Patrol and this item is adjusting the budget to show the money coming and that it was spent for the camera.

**Motion made by Supervisor Kaster and seconded by Supervisor Carpenter to approve. MOTION APPROVED UNANIMOUSLY**

**Motion made by Supervisor Kaster and seconded by Supervisor Buckley to take items 8, 10 & 13 together. MOTION APPROVED UNANIMOUSLY**

If you compare that to prior year overtime of \$513,978 they are \$158,566 less which is very good news. He stated a lot of it had to do with the number of prisoners they have.

**Motion made by Supervisor Buckley and seconded by Supervisor Kaster to receive and place on file. MOTION APPROVED UNANIMOUSLY**

Cal Lintz reported on revisions to WI Administrative Rule HFS110, stating that at this time changes are being reviewed by Rule Writers and Attorneys with a target date for completion as of July 31<sup>st</sup>. He explained there are four Administrative Rules (HFS 110/111/112/113) which will be consolidated to address licensure, scope of practice, and certification relative to 1<sup>st</sup> responders, EMT basics, Intermediate Technicians, and Intermediate Paramedics. The one impact on providers will be a late fee for non-renewal of licenses. He added that there is a new licensing program (E-licensing), which can be accessed directly by web site. Chairman Ullmer pointed out that there is not a place in the re-licensing process for the Medical Director to review and approve. Mr. Lintz replied that the focus

appears to be on empowering EMS Service Directors and EMS providers to submit documentation based on an honor-system concept.

Chairman Ullmer added that a working draft copy of the document has been sent to PAAW (Professional Ambulance Association of WI) within the last ten days. He will distribute copies to members.

Another State project which may impact the District, although not locally, Lintz reported is a transition course for Medical First Responders to EMT Basics.

Other highlights discussed include:

- Audits - Cal Lintz noted that audits will be at random and submission requirements will include hard copy documentation of CPR certification, a copy of the license, the certificate from the training center, etc.
- STAK - Dr. Stroman reported there will be openings in the Fox Valley region, specific to EMS related positions, firefighters, paramedics, and trauma surgery, stating that at this time the Northeast Region is under-represented.
- RTAK - Three sub-committees are being formed to study medical oversight, out of hospital EMS, and education. The next meeting is scheduled for August 18<sup>th</sup> at 5 p.m. Tom Nowak is co-chair of one of the sub-committees.
- A Critical Care Paramedic Course will be held at NWTC this Fall. Cal Lintz announced that an endorsement to the paramedic license will be Tactical EMS and suggested it be discussed in the Training & Standards Work Group.

8. **Other Business:**

Ann Peggs, Green Bay Fire, submitted her application for membership on this Council. She will be replacing Dustin Ridings and Dan Guns, and will be a voting member. Approval will go before the County Board in the next month.

RE: Request for reclassification of Secretary III – Court Commissioner

DATE: June 22, 2010

**I. Introduction:**

In May 2010, a request was submitted to Human Resources to review a Secretary III position in the Court Commissioner's Department for possible reclassification.

**II. Research Completed:**

- A. Review of Position Description Questionnaire
- B. Discussion with Secretary III
- C. Review of documents prepared by Secretary III
- D. Information provided by Court Commissioner Phoebe Mix
- E. Discussion with Jean Eckers, Office Manager II, Circuit Courts
- E. Review of internal comparables

**III. Findings from Research:**

The Court Commissioner's office currently has one (1) Secretary III position that is responsible for coordinating the Court Commissioner's hearings calendars and files to facilitate the operation of the office of the Court Commissioner's. The Secretary III types orders, decisions and notices, prepare reports, dispositions and memoranda agendas in addition to composing and typing correspondence and reports.

**IV. Discussion**

In evaluating the reclassification request, the following three areas must be analyzed:

1. Are there significant job duty changes?
2. If so, do those significant job duty changes affect the knowledge, skills, and abilities necessary to perform the position?
3. If so, do the new requirements for knowledge, skills, and abilities warrant the position to be reclassified to another position?

The job duty changes that were outlined for the Secretary III include:

- Performs calendar management activities which includes scheduling of appointments, meetings, hearings and other events pertaining to Brown County Circuit Court Commissioner's Office.
- Coordinates proper staffing for hearings (e.g., clerk, court reporter, court security and interpreter).
- Composes orders, notices, correspondence and decisions; prepares reports, memoranda and other materials in compliance with Brown County Local Court Rules and State Statutes.
- Works closely with attorneys and relevant parties regarding the Court's calendar inclusive of appointments and cancellations. Schedules interpreters when needed.
- Maintains a weekly calendar, which includes checking to ensure accuracy.
- Organizes and maintains the Court Commissioner's files and records; works in coordination with Clerk of Courts to access files and pleadings.
- Receives telephone calls and visitors and answers various inquiries personally, providing information on departmental services and functions; provides assistance to self-represented litigants.
- Applies specialized knowledge of legal procedures, local Court process, and Sec. 767. Wis. Stats.

#### **V. Analysis of Job Changes**

- Performs calendar management activities which includes scheduling of appointments, meetings, hearings and other events pertaining to Brown County Circuit Court Commissioner's Office.
- Coordinates proper staffing for hearings (e.g., clerk, court reporter, court security, and interpreter).
- Works closely with attorneys and relevant parties regarding the Court's calendar inclusive of appointments and cancellations. Schedules interpreters when needed.
- Maintains a weekly calendar, which includes checking to ensure accuracy.

This position is responsible for managing the Court Commissioner's calendar. This includes scheduling of family and small claims court procedures as well as criminal and traffic intake; coordinating proper staffing for hearings such as clerk, court reporter, court security and interpreter. Because the Court Commissioners are frequently in court, the Commissioners require the position serves as a liaison between the Commissioners, court staff, attorneys and the general public and coordinate the day-to-day functions of the court.

Knowledge of legal terminology and previous legal experience is significant particularly in regard to this position's responsibility of scheduling. The current job description does not reflect this essential job duty. While scheduling alone would not be justification to upgrade this position to another pay grade, the Secretary III must be familiar with statutes and all areas of law to ensure that cases are calendared appropriately.

- Receives telephone calls and visitors and answers various inquiries personally, providing information on departmental services and functions; provides assistance to self-represented litigants.

This position is required to respond to inquiries appropriately from the general public, attorneys and litigants. These inquiries could be in regard to the court schedule, location, procedures and resources available and pending decisions/cases. Providing information on departmental services and functions is a responsibility of the Secretary III classification; however it is the nature of the inquiries and the autonomy required that increases the knowledge required to perform this responsibility.

Because of the increase in self-represented litigants the job requires someone who is very familiar with the legal process and terminology. There is daily interaction by telephone, by mail and in person with the general public who seek assistance in the court system. The public is more aware of their rights but they are not necessarily aware of how to navigate the court system on their own. As a judicial office they are not able to give legal advice, nor can they engage in ex parte communication with litigants. This position requires someone who can understand the distinction between offering assistance and giving legal advice. The Secretary III position description does not require knowledge of the legal process or the ability to independently answer inquiries and complaints.

- Applies specialized knowledge of legal procedures, local Court process, and Sec. 767. Wis. Stats.

This position must be familiar with law and statutes and possess the capability to make decisions independently in regard to what can and cannot be communicated to the public. The Court Commissioner's entrust highly sensitive matters to this position and require good judgment. The responsibility significantly affects the knowledge, skills and abilities required for this position.

One of the factors considered in this analysis is the need for the knowledge of legal terminology and previous experience in the legal field. At the present time, the Secretary III position description does not require legal experience.

## **VI. Recommendation**

After reviewing all of these factors, analysis of the Secretary III position and comparing with other positions in the courthouse contract, a reclassification is recommended. The recommendation is to reclassify this position to a Judicial Assistant placed in classification B1 of Schedule A of the Courthouse Contract.

Per the Brown County Courthouse Agreement – Article 32. Job Analysis: Since the above mentioned duties have been within the position held by the employee since the date of the reclass request and per the contract, it is recommended that back pay be retroactive to the date the reclassification request was filed with the Human Resources Department.

**HIGHLIGHTS:**

Expenses: Overall expenses are within budget through May. Overtime is running considerably less than during the same time period in 2009 and is within budget. Outlay reflects the purchase of nearly all budgeted vehicles.

Revenues: Jail Huber fees continue the decline that has been seen in the prior two years. Other inmate fees are running close to budget. Some grant revenues are weighted more toward the end of the year so they appear low at this time. Also, DARE revenue from the Crime Prevention Foundation for 2010 is not recorded yet.

Notes:

During late 2008 and early 2009, some inmates were boarded at another county jail due to the Communication Center construction project - an average of just under 16 for January 2009.

Federal inmates are primarily from US Marshal Service but also includes some inmates from Bureau of Prisons.

Prior to 2007, inmates from other counties were boarded in the Brown County Jail. In 2007 there were no inmates from other counties but there were inmates from the state boarded that year.

The above figures include inmates who are AWOL or on temporary leave, which is typically about 16 persons

The Huber Facility figure includes all inmates housed in that facility whether they actually are work release eligible

\* Juvenile includes both Brown County juveniles and juveniles from other counties.

\*\* YTD avg. is an average of averages and is not exactly the same as would be computed by taking the total number of inmate days and dividing by 365. However, the YTD avg. is reasonably close.

# GRANT APPLICATION REVIEW

Department: Sheriff Preparer: D. Hein & Lt. K. Deneys Date: May 25, 2010

Grant Title: JAG Recovery Act: LiveScan Implement. Grantor Agency: US Dept. of Justice - passed thru OJA

Grant Period: July, 2010 to Dec. 2010 Grant # (if applicable): (no number at this time)

Brief description of activities/items proposed under grant:

The Brown County Court System adjudicates over six thousand criminal cases per year. A number of these cases involve individuals that are released without having to report for fingerprinting. Due to the nature of these cases these individuals may never have had to be exposed to the capture of their fingerprints. It is the proposal of the Brown County Sheriff's department to install a Livescan Fingerprint system into the courthouse so that as a condition of bond these individuals may be ordered to submit their prints in a convenient manner. This increase in the capture of prints into the AFIS system will grow the database and enhance the probability of criminal cases based off of this data to be solved.

**Narrative Justification:**

This request is to adjust the 2010 DTF Asset Forfeiture fund to reflect anticipated additional federal asset revenue and re-allocate expenses between Outlay, Equipment and Disposition of fixed assets. The Outlay adjustment allows for the purchase of another used vehicle, the Equipment adjustment allows for the purchase of replacement pistols and the Disposition of Fixed Assets adjustment recognizes revenue already received but not previously budgeted for the sale of two DTF vehicles.

Asset Seizures – Federal was budgeted at \$69,250 for the entire year of 2010. Through June, the revenue received was \$66,000 and a similar amount is anticipated for the remainder of 2010.
